==========

I submit that the expenditure on Secondary Education incurred by the council is steadly on an increase and it is now much in excess of the receipts under this head. The excess is met from the General Revenue of the Council. This fact of increase of burden on the finances of the Council has been remarked by the Inspector of Municipal Councils and Local Boards at the time of the Inspection of this Municipality in December last. the Inspector's remarks are as follows:-

" SECONDARY SCHOOIS:-

The burden on the finance of the council on running these schools is increasing year by year. Steps should be taken to bring down the expenditure on Secondary Education ".

In view of the above facts, the Council while considering the Budget Estimate for 1954-55 has decided to increase the tution fees in higher forms at Rs.7/- instead of Rs.6-8-0 from the next school year 1954-55 (copy of the resolution enclosed). It is expected that this enhancement will fetch an additional income of Rs.3000/- approxmately and the burden on the general resources of the council can be reduced to that extent. The Budget Estimate of the council with the proposed enhancement of the rates of school fees in the Higher Forms was approved by the Government in their order Ms.No.472 L.A, dated 30-3-54. The existing rate of Rs.6-8-0 was approved by the Government in their order cited.

In the light of the above facts I request that the Government may be pleased to accord sanction to the levy of fees at the enhanced rates in the Higher Forms (IV, V, & VI Forms) from the next school year 1954-55.
